8. Special Presentations

Principal Planner, Sheila Bashiri provided a brief presentation and introduced Anita Neal Powell, Chair of the Rockville Historic District Commission, who presented the Historic District Common's Annual Report.

The Historic District Commission (HDC) is pleased to present its Annual Report to the Mayor and Council. This Annual Report covers accomplishments from Fiscal Year 2025 (July 1, 2024 –June 30, 2025) and the objectives and goals looking forward to Fiscal Year 2026 (July 1, 2025 June 30, 2026).

The HDC conducts monthly public meetings that allow for testimony from staff, applicants, and any member of the public who wishes to testify. In FY25, the HDC moved from virtual meetings to hybrid meetings, allowing commissioners and members of the public to participate in person at City Hall or virtually via Webex.

Major accomplishments of the HDC for Fiscal Year 2025 include:

- Conducted 10 meetings.
- Reviewed and approved 5 Certificate of Approval applications.
- Conducted 3 Evaluation of Significance Reviews for the purpose of demolition.
- Submitted 1 Map Amendment Application to Mayor and Council for historic designation consideration.
- Received 10 Montgomery County Tax Credit applications for processing.

The actions set forth in the Work Plan will help to update and improve Rockville's preservation programming. Some of the proposed amendments to the historic preservation section of the Zoning Ordinance outlined in the Work Plan include:

- Administrative Approvals;
- Evaluation of Significance Reviews;
- Demolition by Neglect;
- Historic Property Maintenance; and
- Historic Property Delisting.

Through the Zoning Ordinance Rewrite process, currently underway, staff and the HDC will be assessing potential changes to the Zoning Ordinance to address these topics.

Questions from the Mayor and Council were addressed by the Historic District Commission members and City staff. The Mayor and Council provided their thoughts, comments and continued support.

10. Public Hearing - NONE

11. Action Items

- A. **Adoption of an Ordinance to Amend City Code Section 23-47, Permit Issuance, Fee, Term, Etc. to Expand Residential Parking Permit Eligibility and Provide a Mechanism for the City Manager to Grant Exceptions**

Principal Transportation Planner, Bryan Barnett-Woods, provided a brief overview of the changes to Code Section 23-47. Specifically relating to residents who are not currently eligible for residential parking.

Staff recommends the Mayor and Council introduce the proposed ordinance. If the Mayor and Council wishes to proceed with adoption of the ordinance at the same meeting, the ordinance should first be introduced and then a motion should be made to waive the layover period. If the motion to waive the layover period is approved by an affirmative vote of six or more members of the Mayor and Council, a motion to adopt the ordinance may then proceed.

The proposed amendment will modify Chapter 23, “Traffic,” Article II, “Stopping, Standing and Parking,” Division 2, “Permit Parking for Residents,” Section 23-47, “Permit Issuance, Fee, Term, Etc.,” of the Rockville City Code. The amendment will also add a new subsection to Section 23-47, “Permit Issuance, Fee, Term, Etc.,” of the Rockville City Code.

City Code Section 23-47, “Permit Issuance, Fee, Term, Etc.,” provides direction for issuing

residential parking permits, installing parking permit area signage, determining the validity of the permit and establishing a fee for the permit.

The current code provides that, “Permits shall be issued only to persons residing on the property immediately adjacent to a street or road within the parking permit area.”

The proposed amendment expands the eligibility to allow residents to obtain residential parking permits if they live on streets with prohibited parking and the nearest streets are permit-restricted.

A review of existing streets with prohibited on-street parking and nearby streets with permit restricted on-street parking indicates approximately 100 properties city-wide would become eligible.

Questions from the Mayor and Council were addressed by staff.

The Mayor and Council provided their thoughts and comments.

Councilmember David Myles introduced the ordinance to Amend City Code Section 23-47, Permit Issuance, Fee, Term, Etc. to Expand Residential Parking Permit Eligibility and Provide a Mechanism for the City Manager to Grant Exception.

Councilmember Kate Fulton moved to waive the layover period.

12. Worksession

A. Montgomery County Public Schools Twinbrook Elementary School Feasibility Study Presentation

Adrian Saunders, Project Manager, Division of Planning, Design and Constructions for Montgomery County Public Schools introduced Julie Morris, Director Planning and Construction, Robin O’Harra, Senior Planner from Montgomery County, and Architects Cooper Carry who provided an overview of the Twinbrook Elementary School Feasibility Study.

Staff recommends that the Mayor and Council discuss the feasibility study and direct staff accordingly following the discussion. Following the Mayor and Council discussion, staff will draft a letter to MCPS conveying the Mayor and Council's direction.

The purpose of this work session is for the Montgomery County Public Schools Department of Planning and Construction, Division of Facilities Management, to formally present the Twinbrook Elementary School Feasibility study progress to the Mayor and Council. The presentation and feedback from the Mayor and Council are part of MCPS’s feasibility study community engagement process.

MCPS staff has three questions in which they seek feedback from the Mayor and Council:

- 1) Of the approaches outlined in the Feasibility Study, does the Mayor and Council have a preferred approach they would like to endorse, should the project be selected to advance into design?
- 2) Recognizing that the Feasibility Study is complete, are there additional site or building considerations the Mayor and Council would like MCPS to be aware of, should the project be selected to advance into design?
- 3) The Twinbrook community has expressed that the existing Community-Sized Gymnasium is a valued asset they would like to see retained. This size exceeds the standard MCPS Educational Specifications for an elementary school gymnasium. Should the project be selected to advance into design and the Replacement option identified as the approach, would the Mayor and Council be supportive of the City of Rockville covering the additional costs required to provide a larger, Community-Sized Gymnasium?

The Superintendent’s recommendations for the FY2027 Capital Budget and the FY2027-2032

will be released on October 13, 2027. The next steps will not be determined until the County Council adopts the FY 2027 Capital Budget and FY 2027-2032 Capital Improvements Program.

B. Zoning Ordinance Rewrite (ZOR) Work Session – Review of Remaining Topics: Amenity Space, Landscaping, Signs, Nonconformities Findings, Subdivision and Plats, Neighborhood Conservation Plans, Historic Preservation and Recommended Rezoning Near the Twinbrook Metro Station

Jim Wasilak, Chief of Zoning, Katie Gerbes, Chief of Long Range Planning, Holly Simmons, Deputy Zoning Manager, provided an overview of the 5th in a series of the Zoning Ordinance Rewrite. It is expected that this is the final Worksession on rewrite.

Staff recommends that the Mayor and Council hold a work session to discuss and provide direction on the ongoing Zoning Ordinance Rewrite (ZOR) and Comprehensive Map Amendment (CMA).

The city is undertaking a comprehensive rewrite of the city's Zoning Ordinance to modernize this chapter of the city code so that it better accommodates the changing living, working, and recreation trends of the 21st century. In conjunction with the Zoning Ordinance Rewrite, the city's zoning map will be updated through a Comprehensive Map Amendment that will implement the rezonings recommended in the *Rockville 2040 Comprehensive Plan*.

The following objectives have been identified for the project:

- Implement many of the recommended land use actions identified in the *Rockville 2040 Comprehensive Plan*, including implementing the Plan's zoning recommendations.
- Accomplish goals from the city's ongoing FAST Initiative, making the development review and permitting process Faster, Accountable, Smarter, and Transparent.
- Incorporate planning and zoning best practices that have become common in the field of urban planning and in other similarly situated communities.
- Incorporate the city's commitment to equity, resilience, and sustainability, as described in the 2021 Mayor and Council social justice resolution and the 2022 Climate Action Plan.
- Ensure compliance with current federal and state regulations.
- Create a modern ordinance that can accommodate the changing living, working, and lifestyles of the 21st century.

Create a user-friendly, accessible, and well-organized document that provides appropriate graphics and information to aid in its understanding.

The September 29 work session is intended to focus on the following elements of the ongoing ZOR and CMA project:

- Amenity space
- Landscaping
- Nonconformities
- Signs
- Subdivision
- Historic Preservation

Authorization to file the zoning text amendment and comprehensive map amendment is planned for December 2025.

This project also builds on and furthers the goals and policies established through the *Rockville 2040 Comprehensive Plan*. Extensive outreach and engagement were conducted over a period of five years to inform the Rockville 2040 Plan.

The adoption process for both ZOR and CMA is planned to begin with the Authorization to File the Zoning Text Amendment and Comprehensive Map Amendment, scheduled for December 1, 2025, with public hearings and work sessions by the Planning Commission and Mayor and Council in early 2026 prior to adoption.
