Project Description and Need

Project Description*

Printed On: 31 October 2025

Provide a *brief* summary of your project. Describe: WHAT you will do, WHO you will serve, WHY the project is needed, WHERE you will do it, and WHAT activities you will fund with CDBG. (NOTE: More information is requested later; this space is for a brief overview of your project.)

We are seeking funding to support the replacement of 17 roofs and the complete gutter systems throughout the David Scull Public Housing community. This property includes 68 townhomes and one apartment building containing eight units, collectively serving 76 households.

The goal of this project is to provide modern, durable roofing and gutter systems to ensure long-term protection for residents. Many of the existing roofs and gutters are outdated and have begun to deteriorate, leading to increased risk of leaks and water damage. Upgrading these systems will enhance the structural integrity of the homes and improve the overall quality of life for residents.

If funding is approved, we will move forward with a full replacement of all identified roofing and gutter systems across the community. This investment will help safeguard the homes of low-income families and preserve a critical affordable housing resource for years to come.

Project Need*

What unmet need(s) will your project address? How did you determine that this need exists? You must provide data that quantifies the need to receive full points for Need in the scoring criteria (e.g., number of units, physical needs assessment data, photographs).

The proposed project will address critical unmet capital improvement needs at the David Scull Public Housing community, specifically the replacement of 17 aging roofs and the gutter systems across 76 housing units (68 townhomes and one 8-unit apartment building). These systems have surpassed their expected useful life and are now contributing to ongoing issues such as roof leaks, water intrusion, and structural deterioration.

Quantified Need:

Total Units Impacted: 76 households

Roof Replacements Needed: 17 individual roofs

Gutter Replacements Needed: 100% of gutters on 76 units (both townhomes and apartment building)

Age of Existing Roofs: Ranging from 20 to 30+ years old

Recommended Roof Lifespan: 15–20 years for asphalt shingle roofing (HUD Physical Needs Assessment Guidelines)

Maintenance Records: Over the past 12 months, maintenance logs show 15 separate work orders related to roof leaks and water damage caused by gutter overflows or failure

Resident Impact: Reports of ongoing water intrusion in 12 units during seasonal rains, confirmed by site inspections

Assessment of Need:

A recent Physical Needs Assessment (PNA) conducted in Q2 of 2025 identified the roofs and gutter systems as Priority 1 (Critical Repairs), noting significant wear and vulnerability to future damage. The report cited multiple areas of shingle loss, soft spots due to water saturation, and clogged or detached gutters. These conditions contribute to:

Interior water damage and mold risks

Increased maintenance costs

Printed On: 31 October 2025

Health and safety concerns for residents

Photographic evidence and inspection summaries from the PNA further support the urgent need for replacement. (These documents can be provided upon request or attached as part of the application packet.)

Without intervention, continued roof and gutter deterioration will lead to higher long-term repair costs and potential displacement of families due to uninhabitable conditions.

Please compile attachments (including photos) into one pdf, doc or docx file. *If the attachments exceed the maximum file size, send them to Chuck Dunn, cdunn@rockvillemd.gov.*

Location of Project*

Where will this project be physically located? For projects, provide the address of the project; for programs, state the location from which the program will be operated. *Project activities should take place within the corporate limits of the City of Rockville.*

David Scull Public Housing, 1202 - 1327 First Street, Rockville, MD 20850

Photos of the project will be sent to Chuck Dunn via email.

Location of Project - Historic District*

Will this project be located in one of Rockville's Historic Districts? View the map of Rockville Historic Districts. No

Service Area*

Is there a primary service area(s) for this project?

Yes

Service Area - Description

If you selected "yes" to the previous question, briefly describe the boundaries of the service area (e.g. by streets, neighborhoods, or census tracts). Answering "no" signifies that services are provided citywide without regard to location.

David Scull Public Housing, 1202 - 1327 First Street, Rockville, MD 20850

The property is located south and west of East Gude Drive, north and west of David Scull Park. It is also located east of Lofstrand Ln and north of Taft St., behind the light industrial areas that front those two roads. A Google Map link here shows the site location and the Community Center: https://maps.app.goo.gl/u1XGSMyCq1xEwCR27

Service Area - Outside City of Rockville

If some people served come from outside the City of Rockville, please provide a breakdown of Rockville residents versus non-Rockville residents.

Identify the source of your estimates*

Estimates provided by Golden America Builders LLC.

Recruitment/Referral Process*

Describe how beneficiaries will be recruited or referred to the project or program.

The proposed project will benefit existing residents of the David Scull Public Housing community, which is owned and operated by the local Public Housing Authority (PHA). As such, no additional recruitment or referral process is necessary for identifying project beneficiaries.

Automatic Inclusion: All 76 currently occupied units (68 townhomes and one 8-unit apartment building) are already home to low- to moderate-income (LMI) households, as defined by HUD. These households will automatically benefit from the roofing and gutter improvements as current tenants of the property. All households undergo income verification at move-in and annual recertification to ensure compliance with HUD's LMI requirements.

Residents will be notified in advance of construction schedules.

Since this is a capital improvement project targeting an existing public housing community, the beneficiaries are predetermined, and the PHA's intake and leasing procedures ensure continued service to LMI households only.

Eligibility Process*

Describe how you will determine eligibility for the program and document that at least 70 percent of the housing units are occupied by LMI households or that 70 percent of the program's beneficiaries have low- or moderate-incomes, as defined by HUD.

The David Scull Public Housing community is operated under a public housing program, which means that 100% of the residents meet HUD's definition of Low- or Moderate-Income (LMI) households. Public housing eligibility is based on income limits set annually by HUD, and all applicants must fall below those limits to qualify for tenancy.

Ongoing Compliance: Resident incomes are recertified annually in accordance with HUD regulations to ensure continued eligibility.

Documentation: Income verification includes third-party documentation (e.g., pay stubs, Social Security statements, tax returns) and is stored securely in tenant files, available for audit or review.

HUD Form 50058 data submitted for each household

In summary, this project will exclusively benefit LMI households, with well-documented eligibility and compliance processes already in place as part of public housing operations. This ensures that the project meets or exceeds HUD's threshold for LMI benefit.

Project Goals*

List the specific goals that you hope to achieve through this project; goals should be quantitative and measurable in nature. *The activity should have clearly stated goals and evaluation criteria that are specific, measurable, and realistic.*

Replace 17 Roofs Across the Community

Goal: Complete full roof replacement on 17 buildings by the end of the project timeline.

Measurement: Pre- and post-construction inspections; contractor reports confirming completion.

Target Date: Within 12 months of project start.

Success Criteria: 100% of the 17 roofs replaced and passing final inspection.

Install New Gutter Systems on 76 Housing Units

Goal: Replace all gutters on 68 townhomes and one 8-unit apartment building.

Measurement: Contractor completion reports, photographic documentation, and final inspections.

Target Date: Within 12 months of project start.

Success Criteria: All 76 units equipped with fully functional gutter systems.

Reduce the Number of Roof- and Gutter-Related Work Orders by 90% Within 6 Months of Project Completion

Goal: Significantly reduce maintenance issues related to leaks and water damage.

Measurement: Comparison of maintenance work order logs from 6 months pre-project and 6 months post-project.

Baseline: 27 work orders for roof/gutter-related issues in the past 24 months.

Success Criteria: Fewer than 3 new roof/gutter-related work orders in the 6 months following project completion.

Improve Resident Satisfaction Related to Unit Condition by 25%

Goal: Increase resident satisfaction with housing quality, particularly related to roofing and leaks.

Measurement: Pre- and post-project resident surveys focusing on unit condition.

Baseline: (To be determined through pre-project survey)

Success Criteria: At least a 25% increase in satisfaction scores on survey questions related to leaks, roofing, and water damage.

Ensure 100% of Project Beneficiaries Are Low- to Moderate-Income (LMI) Households

Goal: Maintain compliance with HUD's LMI benefit requirement.

Measurement: Occupancy records and income certifications as verified through HUD Form 50058 and annual reporting.

Success Criteria: All 76 households are LMI-qualified per HUD standards throughout the project duration.

Action Plan

Quarterly Schedule: Any CDBG funds awarded should be fully expended within a 12-month period. *The activity should have a clear plan of action that is consistent with the budget and that demonstrates that the applicant has the capacity to implement the proposed plan.*

Describe the implementation plan for the project by listing a quarterly schedule of key activities / milestones and the corresponding draw down of CDBG funds in the following questions:

First Quarter - Key Activities*

List key tasks and milestones during the quarter. Write N/A, if no activities are planning during the quarter.

Q1 – Planning & Pre-Construction: Finalize scope, budget, and funding; issue and review RFPs; select contractors; complete site inspections and obtain permits. Conduct planning meetings and inform residents of the project timeline. Deliverables include executed contracts, an approved construction schedule, and a resident communication plan.

Second Quarter - Key Activities*

List key tasks and milestones during the quarter. Write N/A, if no activities are planning during the quarter.

Q2 – Begin phased roof and gutter replacements (approx. 30% of units). Mobilize crews, perform quality control inspections, and maintain communication with staff and residents. Address any unforeseen issues. Deliverables include completion of Phase I and related inspection reports and punch lists.

Third Quarter - Key Activities*

List key tasks and milestones during the quarter. Write N/A, if no activities are planning during the quarter.

Q3 - Phase II Construction

Objectives:

Continue and complete the second phase of roof and gutter replacements

Key Activities:

Replace roofs and gutters on next set of buildings (another 30–35%)

Continue quality assurance and contractor oversight

Provide mid-project progress update to leadership and funders

Continue coordination with residents and property staff

Deliverables:

Completion of Phase II Updated project status reports Mid-project budget and schedule review

Fourth Quarter - Key Activities*

List key tasks and milestones during the quarter. Write N/A, if no activities are planning during the quarter.

Q4 – Complete final construction (35–40%), conduct inspections, resolve punch list items, and collect resident feedback. Submit final reports, process payments, and close out the project. Deliverables include completion certificate, compliance reports, satisfaction summary, and close-out report. Oversight by Asset Manager (50%) and Maintenance Supervisor (40%) with ongoing progress reports to leadership.

First Quarter - \$ Draw Down*

Estimate the draw down of CDBG funds in the quarter.

Expenditure Details*

Describe in detail types of expenditures CDBG will fund (i.e., labor, materials, etc.).

CDBG funds will be used exclusively for eligible hard costs associated with the capital improvement project at David Scull Public Housing. This includes the removal and replacement of aging and deteriorated roofing systems and gutters across all applicable residential buildings. The scope of expenditures includes:

Procurement of materials (roofing shingles, underlayment, gutters, downspouts, flashing, etc.)

Contractor labor for demolition, installation, and site clean-up

Safety measures and compliance-related work (e.g., scaffolding, fall protection, site containment)

Permitting and inspections required by local authorities

Quality assurance testing and final inspections

These expenditures are necessary to preserve safe, decent, and sanitary housing for low-income residents and align directly with CDBG program goals related to the rehabilitation of affordable housing and the prevention of further deterioration of public housing infrastructure

Cost Estimate Details*

How did you determine the cost estimates included in the CDBG Project Budget Form?

The estimated costs were provided by a vendor, Golden America Builders LLC. We have worked with this builder at this site previously and have confidence in their estimates.

Cost Estimate Details - Attachments

Upload any supporting documents for your cost estimates (including bids, research or past documentation for previous projects).

Davis-Bacon Labor Standards and Wages*

If you propose construction, rehabilitation, or acquisition activities, are the construction estimates incorporated into the project budget inclusive Davis-Bacon Labor Standards and Wages?

Yes

Site Ownership*

If you propose construction, rehabilitation, or acquisition activities, does your organization own the property or site?

Yes

Site Ownership or Lease Agreement

Evidence of site control.

- If yes to the previous question, provide evidence of ownership (deed and property tax records).
- If no to the previous question, provide a copy of the lease agreement and letter from the owner confirming the proposed activities are permitted and acceptable.

Land Use/Zoning*

If you propose construction, rehabilitation, or acquisition activities, does the project require a land use and/or zoning change?

No

Land Use/Zoning - Details

If yes to the previous question, explain below.

Partial Funding*

In the past, the City has often provided <u>partial funding</u> for multiple projects instead of full funding for a few projects so that it could address numerous requests. Please describe, in detail, the specific changes that you will make to your project or scope of services if your project is partially funded.

If RHE is unable to receive all funding requested, the most likely changes will be a delay in completion of the project - to identify other potential funding sources to cover the proposed project (e.g., a state bond bill) - or a reduction in the number of roof repairs completed, with the reduction based on the amount provided.

Prior CDBG Funding*

List any prior CDBG grants received for this project and include the following information:

- Source (Montgomery County or the City of Rockville)
- Year of the grant
- Grant amount
- Description of the activities funded

If your project has not received any CDBG funding, write in N/A.

RHE has been the recipient of several Community Development Block Grants (CDBG) to support critical capital improvement projects:

In Program Year 49, the City of Rockville awarded RHE a CDBG grant in the amount of \$72,000 for the replacement of HVAC systems at the David Scull community.

In Fiscal Year 2027, Montgomery County awarded a CDBG grant totaling \$728,000 for multiple improvements, including the replacement of siding on all residential units (including the senior building), the replacement of the playground, repaving and striping of all parking lots, and the replacement of the community center roof.

In Fiscal Year 2023, the City of Rockville awarded a CDBG grant in the amount of \$105,525.12 for the replacement of the water submetering system.

Below is a list of all CDBG grants received from the City of Rockville since 2012:

City of Rockville 2012 \$93,410 Rehabilitation of Kitchens and Baths

City of Rockville 2013 \$52,464 Rehabilitation of Kitchens and Baths

City of Rockville 2014 \$43,197 Rehabilitation of Kitchens and Baths

City of Rockville 2015 \$15,000 Basement/Foundation Repairs and HVAC Installation

City of Rockville 2016 \$55,000 Smoke/CO2 Detector Installation

City of Rockville 2017 \$50,000 Smoke/CO2 Detector Installation

City of Rockville 2018 \$60,000 Hot Water Heater Replacement

City of Rockville 2019 \$140,200 Roof Replacements

City of Rockville 2020 \$37,200 Roof Replacements

City of Rockville 2021 \$60,000 Roof Replacements

City of Rockville 2022 \$105,000 Submeters

City of Rockville 2023 \$72,000 HVAC replacements

These grant-funded projects are essential in helping RHE maintain safe, efficient, and high-quality affordable housing for the residents of Rockville.

Leveraging*

Have you applied for funding from other sources for this project?

No

Leveraging Details*

- If yes to the previous question, to what entities have you applied? Indicate whether the funding is approved, pending or denied.
- If no to the previous question, why haven't you applied for other funding?

CBDG has been an appropriate and reliable source of funding for RHE infrastructure updates in the past and is the most appropriate funding source for this project. It is a funding source and a funder (both HUD and the City of Rockville) that we are familiar with and confident in using for such large-scale repair work. Additionally, CDBG funds have an appropriate funding scale to allow us to complete many roof repairs as part of a single project, as opposed to using multiple funding sources for several smaller projects to repair the same overall number of units. This allows us to concentrate our administrative and oversight efforts, increasing our efficiency.

Long-term Sustainability*

Explain, in detail, your long-term sustainability plan for this project. If you are proposing rehabilitation or construction activities, describe your long-term operation and maintenance plans for the project, including your plan to keep the housing affordable for LMI households (i.e., source of subsidy). If you are proposing a program, describe your plan for operating this program once CDBG funds are no longer available.

Rockville Housing Enterprises (RHE) is committed to the long-term preservation of its public housing portfolio, including the improvements funded through this CDBG project. Following the roof and gutter replacements at David Scull Public Housing, RHE will implement a comprehensive operation and maintenance plan to protect this investment and ensure continued building integrity.

RHE will conduct quarterly inspections of the property to monitor the condition of the new roofs and gutters. Any issues identified during these inspections will be promptly addressed to prevent deterioration and minimize future repair costs. Maintenance activities will be documented and tracked using RHE's internal work order system, and reviewed by the Asset Management and Maintenance teams.

In addition to regular inspections, RHE uses a Capital Needs Assessment (CNA) and maintains Annual and Five-Year Capital Improvement Plans to guide long-term property investments. These plans ensure that capital needs are identified early and that funding is allocated efficiently to preserve the quality and safety of the housing stock.

To maintain long-term affordability for low- and moderate-income (LMI) households, RHE will continue operating the property under HUD's Public Housing and Project-Based Voucher (PBV) programs. These federal subsidies allow RHE to keep rents affordable and ensure compliance with HUD income eligibility requirements. The public housing designation also provides long-term affordability protections through regulatory oversight.

This approach—combining proactive maintenance, long-term capital planning, and continued federal subsidy—ensures the sustainability of the improvements and protects affordable housing access for current and future residents.

Key Staff and Partnerships

Key Staff Instructions: Provide the name and list of information below for each key staff person who is responsible for carrying out your program's CDBG action plan.

Name - Key Staff #1*

Karshia Farrow-Butler

Project Role - Key Staff #1*

List the following information about the staff member:

- Number of years with the organization
- Percentage of time to be devoted to the project
- Job responsibilities/experience relevant to proposed project

Karshia Farrow-Butler has been a valued member of the RHE staff for one year and will serve as the primary point of contact. As Asset Manager, she is responsible for overseeing both the financial and physical components of capital improvement projects. Ms. Farrow-Butler has successfully managed the comprehensive renovation of multiple properties, including upgrades to lobbies, hallways, roof decks, and residential unit interiors. She will dedicate approximately 50% of her time to this project.

Name - Key Staff #2

Jaime Bravo

Project Role - Key Staff #2

List the following information about the staff member:

- Number of years with the organization
- Percentage of time to be devoted to the project
- Job responsibilities/experience relevant to proposed project

Jaime Bravo has been a dedicated member of the RHE team for 13 years as the Maintenance Supervisor. He has been a key point of contact for all capital improvement projects across RHE properties and brings an extensive background in maintenance operations. Mr. Bravo's deep knowledge of the property and hands-on experience make him an essential asset to the successful implementation of this project. He will be dedicating approximately 40% of his time to supporting and overseeing this initiative.

Name - Key Staff #3

James Hedrick

Project Role - Key Staff #3

List the following information about the staff member:

- Number of years with the organization
- Percentage of time to be devoted to the project
- Job responsibilities/experience relevant to proposed project

Less than 1 year as Executive Director, 7 years as a member and then Chair of the RHE Board of Commissioners (2017 - 2024).

Organization's Mission*

Describe your organization's mission and how the proposed project fits in with your organization's mission and current activities.

Rockville Housing Enterprises (RHE) is committed to its mission of being an effective and innovative agency dedicated to providing opportunities for self-sufficiency and the creation and preservation of quality, affordable housing for the citizens of the City of Rockville. The comprehensive replacement of roofs across RHE-managed properties directly supports this mission by ensuring the long-term preservation and structural integrity of our affordable housing units. By investing in critical infrastructure improvements, RHE not only enhances the safety, comfort, and energy efficiency of its housing stock but also reinforces its commitment to providing stable, high-quality living environments for low and moderate-income individuals and families. This project is an essential step in maintaining the dignity and sustainability of affordable housing in our community.

Dear Taxpayer:

We have reviewed your account to determine whether or not you are subject to the federal unemployment tax for the tax period(s) listed above. This letter is to explain our determination.

You are not required to file Form 940 because you have been determined to be an exempt organization under section 501(c)(3) of the Internal Revenue Code; therefore, you are exempt from paying federal unemployment tax. Please destroy any Form 940 returns you may have received. Do not make tax deposits for federal unemployment tax.

We will send you a refund for your payments for the current year. You may request refunds for payments made in previous years by filing a Form 843 claim. You must file a claim for refund within three years from the return due date, or within two years from the date you paid the tax, whichever is later.

If you need forms, schedules or publications to respond to this letter, you can obtain them by visiting the IRS website at www.irs.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

CDBG Project Budget Form

ORGANIZATION NAME: Rockville Housing Enterprises

PROJECT NAME: David Scull Public Housing, Roof and Gutter Replacment

INSTRUCTIONS

Provide the total budget of the proposed CDBG project, subdivided by activity costs.

Request only the level of CDBG funding needed to carry out the project. The grant request must be sufficient either by itself or included with other proposed funding sources to assure effective administration and completion of the proposed project within the contract period.

List the allocation of CDBG funds among project costs in the Source 1 column and the allocation of other funding sources (as well as the name and amount of the source) in the other columns.

Only complete budget line items that apply to your project. Add additional rows, if needed. If your project has more than four sources, use a second sheet budget sheet.

INDEPENDENT AUDITOR'S REPORT

Board of Commissioners Rockville Housing Enterprises Rockville, Maryland

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Rockville Housing Enterprises (the Authority) as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of September 30, 2024, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of RELP One, LP, a blended component unit, which represents 4%, -16%, and 5%, respectively, of the assets, net position, and revenues of the Authority. Those statements were audited by other auditors whose report has been furnished to us and our opinion, insofar as it relates to the amounts included for this entity, is based solely on the report of the other auditors.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion. The financial statements of the blended component units were not audited in accordance with *Government Auditing Standards*.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 5 - 8 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedure did not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The Financial Data Schedule and Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Financial Data Schedule, and Schedule of Expenditures of the Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2025 on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Management's Discussion and Analysis

The management of Rockville Housing Enterprises (the "Authority" or "RHE") offers the readers of the Authority's financial statements this narrative overview and analysis of the Authority's financial activities for the year ended September 30, 2024. This discussion and analysis are designed to assist the reader in focusing on significant financial issues, provide an overview of the Authority's financial activity, identify changes in the Authority's financial position, and identify individual program issues or concerns. Readers should consider the information presented here in conjunction with the Authority's financial statements to obtain a full understanding of its financial position.

This management's discussion and analysis is presented in accordance with the requirements of the Governmental Accounting Standards Board Statement No. 34 ("GASB 34") to allow the reader to gain an adequate understanding of the Authority's annual operating results and financial position as of September 30, 2024.

Questions concerning the information provided in this discussion or requests for additional information should be addressed to the Authority's Executive Director. at 1300 Piccard Drive, Suite 202, Rockville, Maryland 20850.

Financial Highlights

- The assets of the Authority exceeded its liabilities at the close of the most recent fiscal year by \$22,189,442 (net position) as compared to \$15,479,806 for the prior fiscal year.
- The Authority's cash and investments balance as of September 30, 2024, was \$3,286,572 representing an increase of \$331,833 or 11.23% from September 30, 2023.
- The Authority had total revenues of \$32,325,082 and total expenses of \$25,615,446 for the year ended September 30, 2024.

Overview of the Financial Reports

The following outline describes the integral parts of this financial presentation and is a guideline for understanding its components:

Overview of the Financial Reports (continued)

The financial statements in this report are those of a special purpose governmental entity engaged in a business type activity. The following statements are included:

- Statement of Net Position presents information about the Authority's assets and liabilities and is similar to a balance sheet. The Statement of Net Position reports all financial and capital resources for the Authority. The statement is presented in the format where assets, minus liabilities, equal "Net Position", formerly known as equity. Assets and liabilities are presented in order of liquidity and are classified as "current" (convertible to cash within one year), and "non-current." Increases or decreases in net position will serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.
- Statement of Revenues, Expenses and Changes in Net Position reports the Authority's revenues by source and type and its expenses by category to substantiate the change in net position for the fiscal year.
- Statement of Cash Flows discloses net cash provided by, or used for operating activities, non-capital financing activities, and capital and related financing activities.

Our analysis of the Authority follows with the most important question, "Has the Authority's financial health improved or worsened as a result of the year's activities?" The following analysis of entity-wide net position, revenues, and expenses is provided to assist with answering the above question. This analysis includes all assets and liabilities using the accrual method of accounting, which recognizes revenue when earned and expenses when incurred regardless of when cash is received or paid.

The federal government continued to fund operating grants at a level below total eligibility for the period ended September 30, 2024. With no signs of improvement in federal funding or economic conditions in the foreseeable future, the Authority is using proactive measures to review staff responsibilities and implementing cost management strategies. The Authority continuously looks for new ways to improve operations, control costs, maximize effectiveness, and demonstrate accountability.

Total expenses increased primarily due to an increase in administrative expenses, maintenance expenses, housing assistance payments, and depreciation expenses.

Debt Outstanding

As of the year-end, the Authority had outstanding debt of \$39,553,709, which was a decrease of \$7,842,634 from last year's balance of \$47,396,343.

Effective October 1, 2023, Orlo Scarborough Investors, LLC enacted the option to convert \$9,000,000 of the \$33,000,000 mortgage with Orlo Scarborough Investors, LLC into member equity and assigning Orlo Scarborough Investors, LLC a 49% membership interest.

Economic Factors

Several significant economic factors are present that may impact the Authority in the future.

- Congressional funding of the Department of Housing and Urban Development, including any subsidy proration.
- The expiration of the frozen formula income provision has substantially decreased operating subsidy eligibility.
- Local inflationary, recessionary, and employment trends, which can affect resident incomes and therefore the amount of rental income.
- Inflationary pressure on utility rates, supplies and other costs.
- Health care and other insurance costs are expected to increase dramatically over the next several years especially due to the Affordable Care Act.

NOTE 1. ORGANIZATION

Rockville Housing Enterprises (the Authority or RHE) is a public body and a body corporate and politic organized under the laws of the state of Maryland for the purpose of providing adequate housing for qualified low-income individuals. The Authority is governed by a board of commissioners appointed by the mayor of the city of Rockville, Maryland, subject to approval by the City Council, and has substantial autonomy. Additionally, the Authority has entered annual contribution contracts with the U.S. Department of Housing and Urban Development (HUD) to be the administrator of the housing and housing-related programs described herein.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Rockville Housing Enterprises have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the Authority are described below.

A. Reporting Entity

In determining how to define the reporting entity, management has considered all potential component units by applying the criteria established by the GASB. Based on these criteria, the following entities are included in the accompanying financial statements as blended component units as of and for the year ended December 31, 2023:

<u>RHE Properties, Inc.</u> - Established by Rockville Housing Enterprises to account for properties purchased and other future non-subsidies properties.

<u>Rockville Housing Enterprises Corporation (RHE Corporation)</u> – A not-for-profit corporation established to be the general partner in RELP One, LP.

<u>RHE Fireside Park, Inc.</u> – A not-for-profit corporation established to be a general partner in FPA, LP.

RELP One, LP - This is a limited partnership formed for the purpose of acquiring Moderately Priced Dwelling Units (MPDU). RHE Corporation is the general partner and the Authority is entitled to its respective share of annual operating income or loss. The Authority had a .01% interest in the entity. Effective December 3, 2021, Transamerica Life Insurance Company assigned its 99.98% ownership interest, rights, and obligations to RHE Corporation as evidenced by an executed Agreement for Purchase and Sale of Partnership Interest dated December 3, 2021. RHE Corporation is wholly owned by RHE.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Reporting Entity (continued)

<u>RHE Scarborough Square, LLC</u> - This is a limited liability company established under the laws of the State of Maryland for the purpose of acquiring, constructing and operating a 121 unit multi-family project. The property is currently known as Scarborough Square Apartments.

A joint venture is a legal entity or other organization that results from a contractual agreement and that is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility. The Authority participates in the following joint ventures:

FPA, LP (a Maryland Limited Partnership) (the Partnership) was formed on July 23, 2018 for the purpose of acquiring, developing, owning and operating 236 total units in 22 multi-family buildings located in Rockville, Maryland, known as Fireside Park Apartments (the Property). The Partnership acquired the Property on June 30, 2020. Upon acquisition, substantial rehabilitation of the Property began. Rehabilitation was completed in 2022. The Partnership has been approved for an allocation of Federal low-income housing tax credits of \$1,122,602. Pursuant to the Amended and Restated Agreement of Limited Partnership (the Partnership Agreement) dated June 30, 2020, the Investor Limited Partner is PNC Bank, N.A., a National Banking Association (the Investor Limited Partner) with a 99.99% interest, the Special Limited Partner is Columbia Housing SLP Corporation, an Oregon Corporation (the Special Limited Partner) with a 0.00% interest. General Partners include RHE Fireside Park, Inc., a Maryland Nonstock Corporation (RHE General Partner), and Hampstead Fireside, LLC, a Maryland Limited Liability Company (HGI General Partner), (collectively, the General Partners), with a 0.0049% and 0.0051% interest, respectively.

Financial Accountability - The Authority is responsible for its debts, does not impose a financial burden on the City of Rockville and is entitled to all surpluses. No separate agency receives a financial benefit nor imposes a financial burden on the Authority.

Imposition of Will - The City has no influence over the management, budget, or policies of the Authority. The Authority's Board of Commissioners has the responsibility to significantly influence the Authority's operations. This includes, but is not limited to, adoption of the budget, personnel management, sole title to, and residual interest in all assets (including facilities and properties), signing contracts, issuing bonds, and deciding which programs are to be provided.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Reporting Entity (continued)

The Authority operates the following programs under Annual Contributions Contracts:

<u>Low Rent Public Housing Program</u> - The objective of this program is to provide decent safe and sanitary housing and related facilities for eligible low-income families and the elderly.

<u>Capital Fund Program</u> - The objective of this program is to improve the physical condition of the Low-Income Public Housing units and upgrade the management of the program.

<u>Housing Choice Voucher Program</u> - This program provides rental assistance to help low-income families afford decent, safe and sanitary rental housing. The Authority provides rental assistance in the form of a Housing Assistance Payment to a landlord on behalf of the tenant.

<u>Public Housing Self-Sufficiency under ROSS</u> - This program promotes the development of local strategies to coordinate the use of assistance under the Public Housing program with public and private resources to enable participating families to achieve economic independence and housing self-sufficiency.

<u>Youth Build Program</u> - This program is a community-based pre-apprenticeship program that provides job training and educational services for opportunity youth ages 16-24 who left school without a secondary diploma.

<u>Moderate Rehabilitation</u> - This program provides project-based rental assistance for low-income families. The program was repealed in 1991 and no new projects are authorized for development. Assistance is limited to properties previously rehabilitated pursuant to a housing assistance payments (HAP) contract between an owner and a Public Housing Agency (PHA).

<u>Mainstream Vouchers</u> - This program enable families having a person with disabilities to lease affordable private housing of their choice. Mainstream program vouchers also assist persons with disabilities who often face difficulties in locating suitable and accessible housing on the private market.

<u>Moving to Work (MTW)</u> – This program allows housing authorities to design and test innovative approaches in assisted housing. The purpose of the Authority's MTW program is to provide incentives to families to become economically self-sufficient, to reduce the Authority's costs and achieve greater cost effectiveness, and to increase housing choice for low-income families.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Basis of Presentation

Basis of Accounting - The Authority uses the accrual basis of accounting for its proprietary fund. Under this method, revenues are recorded when earned, and expenses are recorded when liabilities are incurred, regardless of when the related cash flow takes place.

Basis of Presentation - The financial statements of the Authority are presented from a fund perspective. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain Authority functions. The accounting and financial reporting method applied by a fund is determined by the fund's measurement focus. The accounting objectives are determination of net income, financial position and cash flows. All assets and liabilities associated with the Proprietary Fund's activities are included on the statement of net position. Proprietary fund equity is segregated into three broad components:

<u>Net investment in capital assets</u> – This category consists of capital assets (including restricted capital assets), net of accumulated depreciation and reduced by any outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, and improvements of those assets.

<u>Restricted net position</u> – This category consists of resources restricted in their use by (1) external groups such as grantors, creditors, or laws and regulations of other governments; or (2) law, through constitutional provisions and enabling legislation.

<u>Unrestricted net position</u> – This category includes all of the remaining resources that do not meet the definition of the other two categories.

The Authority uses the following fund:

Proprietary fund:

<u>Enterprise fund</u> - This type of fund is reported using an economic resources measurement focus. Additionally, it is used to account for operations that are financed and operated in a manner similar to private businesses where a fee is charged to external users for services provided. The Authority accounts for its activity in a single enterprise fund.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Revenue and Expenses

Revenues and expenses are recognized in essentially the same manner as used in commercial accounting. Revenues relating to the Authority's operations include rental related income, interest income and other sources of revenues that are recognized in the accounting period in which they are earned. Other major sources of revenues include the operating subsidy from HUD and other HUD funding for capital and operating expenses.

D. Budgets

The Authority adopts budgets on the basis of accounting consistent with the basis of accounting for the fund to which the budget applies. The Authority prepares annual operating budgets that are formally adopted by its Governing Board of Commissioners. The budgets for programs funded by HUD form the basis of the Federal Financial Assistance received through HUD.

E. Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses in the financial statements and in the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

F. Cash and Investments

The Authority's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with an original maturity of three months or less when purchased.

Restricted cash includes cash held with financial institutions until grantor restrictions are met to release the funds for their specified use, as well as for debt service payments and refunds of tenant security deposits.

G. Accounts Receivable

All tenant receivables are shown net of an allowance for uncollectible accounts. The allowance for doubtful accounts is established based on periodic aging of receivables. No allowance is established for HUD and other governmental receivables since management believes that these amounts are fully collectible.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

H. Deferred costs and amortization

For the blended component units, in accordance with the accounting standards applicable to their individual financial statements, debt issuance costs, net of accumulated amortization, are reported as a direct reduction from the face amount of the mortgage loans payable to which such costs relate. Amortization of debt issuance costs is reported as a component of interest expense and is computed using an imputed interest rate on the related loan.

I. Capital Assets and Depreciation

Capital assets are stated at historical cost. Depreciation is calculated using the straight-line method. Donated capital assets are stated at their fair value on the date donated. This includes site acquisition and improvement, structures and equipment. All infrastructure assets were capitalized at the conclusion of development then dedicated to the County for maintenance and repairs. Depreciation of exhaustible capital assets used by proprietary funds is charged as an expense against operations, and accumulated depreciation is reported on the Statement of Net Position. All assets will be capitalized if they have a useful life beyond one year and an original cost greater than \$5,000.

The estimated useful lives for each major class of depreciable capital assets are as follows:

Buildings and improvements 10-40 years Furniture and fixtures 5-10 years Equipment 3-10 years

J Leases

Lessee – For new or modified contracts, the Authority determines whether the contract is a lease. If a contract is determined to be, or contain, a lease with a non-cancellable term in excess of 12 months (including any options to extend or terminate the lease when exercise is reasonably certain), the Authority records a lease asset and lease obligation which is calculated based on the value of the discounted future lease payments over the term of the lease. The Authority is a lessee for a non-cancellable lease of office space. The Authority recognizes a lease liability and right to use asset on the statement of net position. Leases with an initial, non-cancellable term of 12 months or less are not recorded on the statement of net position and expense is recognized as incurred over the lease term. At the commencement of the lease, the Authority measures the lease liability at the present value of payments expected to be made during the lease term and then reduces the liability by the principal portion of lease payments made. The lease asset is measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs, then amortized on a straight-line basis over a period that is the shorter of the lease term or the useful

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

J. Leases (continued)

life of similar capital assets. Lease payments are apportioned between interest expense and principal based on an amortization schedule calculated using the effective interest method.

K. Compensated Absences

Compensated absences are absences for which employees will be paid, i.e., sick leave, vacation, and other approved leaves. The Authority accrues the liability for those absences that the employee has earned the rights to the benefits. Accrued amounts are based on the current salary rates. The Authority's policy allows employees to accumulate unused vacation leave up to 240 hours. Sick leave can be accumulated up to 240 hours but not paid upon termination. Vacation and sick pay are recorded as an expense and related liability in the year earned by employees.

L. Impairment of Long-Lived Assets

Prominent events or changes in circumstances affecting capital assets are required to be evaluated to determine whether impairment of a capital asset has occurred. Impaired capital assets that will no longer be used will be reported at the lower of carrying value or fair value. Impairment of capital assets with physical damage generally will be measured using the restoration cost approach, which uses the estimated cost to restore the capital asset to identify the portion of the historical cost of the capital asset that should be written off. No such impairment loss was incurred during the year ended September 30, 2024.

M. Operating Revenue and Expenses

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority are charges to customers for rents. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Subsidies received from HUD or other grantor agencies, for operating purposes, are recorded as operating revenue in the operating statement while capital grant funds are added to the net position in the non-operating revenue and expense.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

N. Insurance

The primary technique used for risk financing is the purchase of insurance policies from commercial insurers that include a large deductible amount. The use of a large deductible clause reduces the cost of insurance, but, should loses occur, the portion of the uninsured loss is not expected to be significant with respect to the financial position of the Authority. The Authority secures required insurance coverage through the competitive bid process. As of the date of the fieldwork, the Authority had the required coverage in force.

O. New Accounting Pronouncements

The following Governmental Accounting Standards Board (GASB) pronouncements became effective for the Authority during the year ended September 30, 2024:

GASB Statement No. 100, Accounting Changes and Error Corrections – An Amendment of ASB Statement No. 62 will enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability.

GASB Statement No. 101, *Compensated Absences* updates the recognition, measurement, and disclosure guidance for compensated absences.

The following pending GASB Pronouncements will be effective for the Authority in future years. The Authority is currently assessing the impact of these Statements:

GASB Statement No. 102, *Certain Risk Disclosures* has the objective of providing financial statement users with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The requirements of this statement are effective for fiscal years beginning after June 15, 2024.

GASB Statement No. 103, Financial Reporting Model Improvements makes changes to key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The requirements of this statement are effective for fiscal years beginning after June 15, 2025.

GASB Statement No. 104, *Disclosure of Certain Capital Assets* will provide users of government financial statements with essential information about certain types of capital assets. The requirements of this statement are effective for fiscal years beginning after June 15, 2025.

•

NOTE 3. CASH AND CASH EQUIVALENTS

All the deposits of Rockville Housing Enterprises are either insured or collateralized by using the Dedicated Method whereby all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the Authority's agents in these units' names. Rockville Housing Enterprises has no policy regarding custodial credit risk for deposits. However, Rockville Housing Enterprises complies with HUD policies.

At September 30, 2024, the Authority's cash and investments had a carrying amount of \$3,286,572 and bank balances of \$3,404,011.

The blended component units maintain their cash balances and certain reserves with financial institutions. At times, these balances may exceed the federal insurance limits; however, the blended component units have not experienced any losses with respect to their bank balances in excess of government provided insurance. The blended component units' respective managements believe that no significant concentration of credit risk exists with respect to these balances at December 31, 2023.

Fair value is determined using a hierarchy of inputs for fair value assessments. This hierarchy has three levels:

- Level 1 Inputs are quoted prices in active markets for identical assets or liabilities.
- Level 2 These are quoted market prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other than quoted prices that are not observable.
- Level 3 These are unobservable inputs, such as a property valuation or an appraisal.

Interest rate risk - As a means of limiting its exposure to fair value losses arising from rising interest rates, the Authority typically limits its investment portfolio to maturities of 12 months or less.

Credit risk - The Authority has no policy regarding credit risk.

Custodial credit risk - The Authority has no policy on custodial credit risk.

Concentration of credit risk - The Authority places no limit on the amount that it invests in certificates of deposits. The Authority has no policy regarding credit risk.

NOTE 6. NOTES RECEIVABLE AND OTHER ASSETS

RHE obtained a \$250,000 grant from the City of Rockville to assist in financing units for RELP One, LP. RHE then entered into a Note to lend the money to RELP One, LP dated March 19, 2002. The note is due 42 years from the date of the note based on 1% interest after the first two years. Payments shall commence on December 31, 2005. Payments are limited to available cash flow. The balance at September 30, 2024 of this note was \$161,103 and has been eliminated in the financial statement presentation as RELP One is a blended component unit.

As a part of the agreement with HUD to demolish the Public Housing units known as Lincoln Terrace, the developer for the Legacy Development is required to make Release Payments as the new units are sold. As a part of the development agreement for Legacy Development, when the buyers purchase property of the Legacy Development, the Authority obtains equity in a second mortgage which is noninterest bearing and not forgivable. The cumulative total of these second mortgage receivables at September 30, 2024, was \$910,300.

Other assets primarily consist of funds spent by RHE related to the acquisition of Scarborough Square. As of September 30, 2024, the cumulative total of these costs was \$1,615,787.

NOTE 9. LONG-TERM DEBT (CONTINUED)

RELP One LP entered into a nonrecourse 40-year mortgage note provided through the sale of tax-exempt bonds in the principal amount of \$3,900,000 in January 2005. The bonds were credit enhanced through the issuance of HUD risk-sharing mortgage insurance. Interest on the mortgage loan is at a rate of 5.21% per annum, plus a 0.05% mortgage insurance premium. Installments of \$19,351 are due monthly until February 1, 2045. Interest incurred for the year ended December 22, 2023 amounted to \$162,822, which includes amortization of debt issuance costs of \$5,709. At December 31, 2023, accrued interest amounted to \$14,638. At December 31, 2023, the principal balance outstanding was \$2,974,083. Debt issuance costs, net of accumulated amortization, totaled \$88,852 as of December 31, 2023, and are related to the first mortgage. Debt issuance costs on the above note are being amortized using an imputed interest rate of 5.5716%. The liability of the Partnership under the mortgage note is limited to the underlying value of the real estate collateral plus other amounts deposited with the lender.

Aggregate annual maturities of the mortgage note payable over each of the next five years and thereafter are as follows:

December 31:		
2024	\$	79,139

RELP One LP obtained additional financing from Montgomery County in the original amount of \$1,500,000. As of December 31, 2023, the remaining balance was \$1,397,245. No interest was accrued and no payments were due through July 31, 2004. Thereafter, the note provides for annual installments of principal and interest accruing at a rate of 1.0% per annum. Payments of principal and interest, commencing on August 1, 2005, equal to the lesser of 50% of cash flow from operations after certain priority payments, as defined, or an amount equal to interest, and principal amortized over 40 years until maturity of the note on August 1, 2044. The note is secured by a deed of trust and a regulatory agreement. Interest incurred for the year ended December 31, 2023 amounted to \$13,972. During the year ended December 31, 2023, the Partnership made loan payments of \$39,916. As of December 31, 2023, accrued interest amounted to \$0.

NOTE 9. LONG-TERM DEBT (CONTINUED)

The Mayor and Council of Rockville advanced funds to RELP One LP, amounting to \$120,000 to aid in the acquisition of affordable dwelling units. The advances were made under the terms of a note issued by the City in connection with a loan agreement dated March 19, 2002. The note accrues no interest and must be repaid in full on or before June 13, 2043. The note is secured by a mortgage on certain property and an assignment of rents. As of December 31, 2023, the remaining balance was \$120,000.

RHE Corporation has provided RELP One LP financing in the amount of \$250,000. This note, funded from a grant by the City of Rockville to the General Partner, accrues no interest and requires no payments through December 31, 2004. Thereafter, interest accrues at the rate of 1.0% per annum and annual payments equal to 50% of the net cash flow, as defined, or the amount which would pay interest and amortize the loan principal over 40 years, are due each December 31, commencing in 2005. Any unpaid principal and interest under this note shall be payable in full on December 31, 2044. As of December 31, 2023, the principal balance on the note was \$161,103. Interest incurred for the year ended December 31, 2023 was \$1,611. As of December 31, 2023, accrued interest amounted to \$17,295. During the year ended December 31, 2023, the Partnership did not make any loan payments. The principal balance has been eliminated for financial statement presentation as RELP One is a blended component unit.

RHE Scarborough Square entered into a second nonrecourse note provided through Montgomery County in the principal amount of \$11,800,000. Interest on the mortgage loan is at a rate of 1% per annum with a maturity date of December 14, 2027. No interest is being charged on the loan through December 31, 2023. As of December 31, 2023, the outstanding balance was \$9,508,000.

RHE Scarborough Square entered into a nonrecourse mortgage note provided by Orlo Scarborough Investors, LLC in the principal amount of \$33,000,000 in December 2022. Interest on the mortgage loan is at 8%. This mortgage had a maturity date of December 20, 2023 which has been extended until December 20, 2024. Effective October 1, 2023, Orlo Scarborough Investors, LLC enacted the option to convert \$9,000,000 of the \$33,000,000 mortgage with Orlo Scarborough Investors, LLC into member equity and assigning Orlo Scarborough Investors, LLC a 49% membership interest. As of December 31, 2023, the outstanding balance was \$24,000,000. Interest expense incurred on this mortgage for the year ended December 31, 2023 was \$2,467,726.

RHE Scarborough Square entered into a nonrecourse, non-interest bearing, mortgage with the City of Rockville in the amount of \$1,200,000. The mortgage has a maturity date of December 14, 2027.

NOTE 9. LONG-TERM DEBT (CONTINUED)

Debt issuance costs totaled \$150,000 as of December 31, 2023, and are related to the Montgomery County loan, and are reflected on the balance sheet as net of mortgages payable.

Amortization expense related to the Montgomery County and Orlo loans totaled \$1,275,000 for the year ended December 31, 2023.

NOTE 10. LEASES

Lessee – Effective August 14, 2020, RHE entered into an agreement to lease 4,596 square feet of office space under a non-cancellable lease. The current term expires October 13, 2030 and the required lease payment at the effective date was \$8,000 a month. On August 14 of each subsequent year until expiration, rent escalates 3% from the most recent rent amount. Effective December 1, 2022, an addendum was executed for an additional 2,282 square feet of office space for 24 months for \$4,214 per month with the same rent escalation of 3% as the original lease.

Future minimum payments are as follows:

NOTE 11. RISK MANAGEMENT

The Authority is exposed to various risks of losses related to torts; theft or, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Claims and liabilities are reported when it is probable that a loss has occurred, and the amount of that loss can be reasonably estimated. There were no claims more than commercial coverage during the previous three years.

NOTE 12. PENSION AND PROFIT-SHARING PLANS

A defined contribution retirement plan provides pension benefits in return for services rendered, provides an individual account for each participant, and specifies how contributions to the individual accounts are to be determined instead of specifying the amount of benefits the individual is to receive.

The Authority has a profit-sharing plan with John Hancock where eligible employees open separate accounts with the plan's administrator. The Authority contributes 6.5% of the employees' gross salary bi-weekly. The Authority has no liability once the employee is terminated. The Authority's contributions for the year ended September 30, 2024, were \$82,415 and covered wages totaled \$1,385,245.

NOTE 13. ECONOMIC DEPENDENCY

The PHA Owned Housing Program is economically dependent on annual contributions and grants from HUD. The program operates at a loss prior to receiving the contributions and grants.

NOTE 14. COMMITMENTS AND CONTINGENCIES

Legal

Certain claims, suits, and complaints may arise in the ordinary course of business. In the opinion of the Authority's management, any such matters are adequately covered by insurance.

Grants and contracts

The Authority participates in various federally-assisted grant programs that are subject to review and audit by the grantor agencies. Entitlement to these resources is generally conditional based upon compliance with terms and conditions of grant agreements and applicable federal regulations, including the expenditure of resources for allowable purposes. Any disallowance resulting from a federal audit may become a liability of the Authority. There were no such liabilities recorded as of September 30, 2024.

Capital fund

The Authority receives capital funding each year for ongoing capital improvements and repairs and maintenance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners Rockville Housing Enterprises Rockville, Maryland

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Rockville Housing Enterprises (the Authority) as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Rockville Housing Enterprises' basic financial statements, and have issued our report thereon dated June 25, 2025. Our report includes a reference to other auditors who audited the financial statements of RELP One, LP, a blended component unit, as described in our report on the Authority's financial statements. This report does not include the results of other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the blended component units were not audited in accordance with *Government Auditing Standards*.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

) fubius & Company

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our test disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Commissioners Rockville Housing Enterprises Rockville, Maryland

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Rockville Housing Enterprises' (the Authority's) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended September 30, 2024. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Authority's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Authority's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Authority's internal control over compliance relevant to
 the audit in order to design audit procedures that are appropriate in the circumstances and
 to test and report on internal control over compliance in accordance with the Uniform
 Guidance, but not for the purpose of expressing an opinion on the effectiveness of the
 Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

ROCKVILLE HOUSING ENTERPRISES SCHEDULE OF FINDINGS AND QUESTIONED COSTS Year ended September 30, 2024

NOTE 1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Rockville Housing Enterprises (the Authority) under programs of the federal government for the year ended September 30, 2024. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Authority.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3. INDIRECT COST RATE

The Authority has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.
